

DE-SCALING

REMOVER PLUS LIQUID

Technical Description:

Anticorrosive Descaling liquid used to remove scale and rust in heating systems. The liquid contains special detergents and wet agents, suitable for descaling big boilers in cast iron, heating systems, heat exchangers, cooling circuits with pipes in copper and steel.

How to use:

Let the product circulate inside the plant, diluted in water at 20-40 % (2-4 liters of the product in 10 liters of water), starting with the lower concentration.

When the color changes, from red to yellow-orange, add some *Remover Plus Liquid* until there is no more effervescence in the red acid solution.

Once the descaling treatment has ended, wash the installation with a solution of *Neutralizer* at 2-3 % concentration, and rinse with running water afterwards.

Risk Classification:

R 36 / 38: Irritating to eyes and skin.

Warnings

S 2: Keep out of the reach of children

S 26: In case of contact with eyes, immediately wash with plenty of water and ask for a doctor

S 28: In case of contact with skin, immediately wash with plenty of water and sodium bicarbonate.

Xi Irritant
